music

Jerame Wheeler: Long time friend of the Wassenberg Art Center, Jerame, who lives in Bryan, Ohio will be entertaining us at the opening reception and has been playing guitar for over 20 years. Originally inspired by his father's bluegrass band as a young boy, Jerame didn't hesitate to form his own band called Locally Grown. Locally Grown toured Toledo area venues for over 10 years then Jerame continued playing solo gigs. His many years of experience as an entertainer lead him to be a very eclectic musician covering artists and bands from his father's era to today.
